

BRAIN. Superficial dissection. Selected images.

HEAD. Axial sections (male). Selected images: axial MRI. Selected images: temporal bone/inner ear: axial CT. Coronal sections (female). Sagittal sections (male).

NECK. Axial sections (female). Sagittal sections (male).

THORAX. Axial sections (male). Axial sections (female). Selected images: heart. Selected images: mediastinum: axial CT. Selected images: coronal MRI. Selected images: coronal chest CT. Selected images: coeliac and great vessels.

ABDOMEN. Axial sections (male). Axial sections (female). Selected images:

Lumbar spine: axial CT. Selected images: lumbar spine: coronal MRI. Selected images: lumbar spine: sagittal MRI.

PELVIS. Axial sections (male). Selected images: coronal MRI (male). Axial sections (female). Selected images: axial MRI (female). Selected images: coronal MRI (female). Selected images: sagittal MRI (female). Selected images: colon. Selected images: coronal abdominal CT.

LOWER LIMB. Hip: coronal sections (female). Selected images: pelvic girdle.

Thigh: axial sections (male).

Knee: axial sections (male). Knee: coronal sections (male). Knee: sagittal sections (female).

Leg: axial sections (male).

Ankle: axial sections (male). Ankle: coronal sections (female).

Foot: sagittal sections (male). Foot: coronal sections (male).

UPPER LIMB. Shoulder: axial sections (female).

Shoulder: coronal sections (male).

Arm: axial sections (male).

Elbow: axial sections (male). Elbow: coronal sections (female).

Forearm: axial sections (male).

Wrist: axial sections (male).

Hand: coronal sections (female). Hand: sagittal sections (female). Hand: axial sections (male). Selected images: shoulder girdle.
