

Contents

Preface viii

Acknowledgements ix

Part 1

Pathophysiology 1

- 1 Key Principles of Pathophysiology 2
- 2 Cell Injury, Adaptation and Death 4
- 3 Inflammation, Tissue Repair and Regeneration 8
- 4 Cancer 10
- 5 Genetics 12

Part 2

Shock 15

- 6 Cardiogenic Shock 16
- 7 Anaphylactic Shock 18
- 8 Hypovolaemic Shock 20
- 9 Septicaemia 22

Part 3

Immunity 25

- 10 Human Immunodeficiency Virus 26
- 11 Non-Hodgkin Lymphoma 28
- 12 Infectious Mononucleosis 32

Part 4

The Nervous System 35

- 13 Meningitis 36
- 14 Multiple Sclerosis 38
- 15 Parkinson's Disease 40
- 16 Stroke 42

Part 5

The Blood 45

- 17 Anaemia 46
- 18 Venous Thromboembolism 48
- 19 Leukaemia 50
- 20 Thrombocytopenia 54

Part 6

The Cardiovascular System 57

- 21 Heart Failure 58
- 22 Myocardial Infarction 62
- 23 Peripheral Arterial Disease 66
- 24 Angina 68

Part 7**The Respiratory System 71**

- 25** Asthma 72
- 26** Chronic Bronchitis 74
- 27** Pulmonary Embolism 78
- 28** Chronic Obstructive Pulmonary Disease 80

Part 8**The Gastrointestinal System 83**

- 29** Peritonitis 84
- 30** Crohn's Disease 88
- 31** Peptic Ulcer 92
- 32** Ulcerative Colitis 96
- 33** Bowel Cancer 100

Part 9**The Hepatobiliary System 103**

- 34** Hepatitis 104
- 35** Cholecystitis 108
- 36** Pancreatitis 112
- 37** Liver Cancer 114

Part 10**The Urinary System 117**

- 38** Renal Failure 118
- 39** Pyelonephritis 122
- 40** Renal Calculi 126
- 41** Bladder Cancer 128

Part 11**The Male Reproductive System 131**

- 42** Benign Prostatic Hyperplasia 132
- 43** Testicular Torsion 136
- 44** Erectile Dysfunction 140
- 45** Prostate Cancer 144
- 46** Testicular Cancer 148

Part 12**The Female Reproductive System 151**

- 47** Cancer of the Vulva 152
- 48** Menorrhagia 154
- 49** Breast Cancer 156
- 50** Cervical Cancer 160

Part 13**The Endocrine System 163**

- 51** Diabetes Mellitus 164
- 52** Adrenal Insufficiency 168
- 53** Cushing Syndrome 172
- 54** Hyperthyroidism 174

Part 14**The Musculoskeletal System 177**

- 55** Osteoarthritis 178
- 56** Osteoporosis 182
- 57** Osteomyelitis 186
- 58** Gout 190
- 59** Rheumatoid Arthritis 194

Part 15

The Skin 197

- 60 Atopic Dermatitis 198
- 61 Psoriasis 202
- 62 Acne Vulgaris 206
- 63 Malignant Melanoma 210

Part 16

Ear, Nose and Throat 213

- 64 Otitis Media 214
- 65 Meniere's Disease 218
- 66 Pharyngitis 222
- 67 Rhinosinusitis 226
- 68 Epistaxis 230

Part 17

Vision 233

- 69 Cataracts 234
- 70 Glaucoma 238
- 71 Age-related Macular Degeneration 242
- 72 Conjunctivitis 246

Part 18

Death and Dying 249

- 73 Principles of End-of-life Care 250
- 74 Pain Relief 252
- 75 Symptom Control 254
- 76 Care After Death 256

Appendices

- Appendix 1 Prefixes and Suffixes 258
- Appendix 2 Glossary of Terms 265

Further Reading 268
