

Χαρακτηριστικά:

- Offers **concise, practical, day-to-day diagnostic and treatment information** for the conditions you're most likely to encounter
- Includes **key updates throughout**: a completely rewritten pediatric dermatology section, a fully updated drug formulary, and **two new chapters** on Disorders in Skin of Color and Tropical Dermatology and Emerging Infectious Disease
- Contains **more than 1,300 high-quality images** that clearly depict how skin disorders present at different stages
- Provides classification of primary, secondary, and special lesions, pediatric considerations, **clinical pearls to guide decision making**, and more
- Includes features that provide **rapid access to essential clinical information**: a Disorders Index at the front of the book, a dermatologic drug formulary, and "differential diagnosis by anatomical region and lesion" guide
- Contains **easy-to-understand schematics** that indicate disease distribution across the body (from rare to common) for each key disorder
- Other titles by Dr Dinulos include best-selling products *Dermatology DDX Deck* for at-a-glance diagnostics and *Habif's Clinical Dermatology* for a more in-depth introduction to dermatology for the non-specialist
- **An eBook version is included with purchase.** The eBook allows you to access all of the text, figures and references, with the ability to search, customize your content, make notes and highlights, and have content read aloud. Additional digital ancillary content may publish up to 6 weeks following the publication date
