

1 Principles of Two-Dimensional and Three-Dimensional Ultrasound

Alain Gauvin, Wilfredo Puentes Beltran, and Jean Provost

2 Basic Principles of Doppler Ultrasound and Strain

Patrick Prud'homme, Juliane Guay, and Francois Tournoux

3 Transducers

Francois Tournoux, Tae-Yop Kim, Annette Vegas, and Massimiliano Meineri

4 Normal Anatomy and Flow

Jean Deschamps, Aaron Wozolek, Nicolas Dürreman, Hani Mahmoud Elsayed, George Honos, Julie Robillard, and Jean Buithieu

5 Quantitative Echocardiography

Sanela Music, Adrian Costescu, Christine Henri, and Jean Buithieu

6 Goal-Oriented Transthoracic Echocardiography, Intraoperative: Epicardial and Epiaortic Ultrasonography

Colin Royse, Yanick Beaulieu, Colleen McFaul, Robert Chen, and Alistair Royse

7 Imaging Artifacts and Pitfalls

Fabio de Vasconcelos Papa, Nicolas Rousseau-Saine, Ying Tung Sia, and Annette Vegas

8 Equipment, Complications, Infection Control, and Safety

Geneviève Côté, Cédric P. Yansouni, Olivier Royer, Georges Desjardins, and André Y. Denault

9 Segmental Ventricular Function and Ischemia

Pierre Couture, Georges Desjardins, Jae-Kwang Shim, Pascal Huard, Pablo Merlo, Dominik Guensch, Pierre-Emmanuel Noly, and Jean-Claude Tardif

10 Global Ventricular Function and Hemodynamics

Etienne Couture, Lars Grønlykke, Marie-Alexandre Chaix, François Roux, Hilary P. Grocott, and André Y. Denault

11 Cardiomyopathy

Athanase Courbe, Michael Chetrit, Denis Bouchard, and Maxime Tremblay-Gravel

12 Pericardium

Jacobo Moreno Garijo, Michael Chetrit, Yoan Lamarche, Eliza Calin, and Athanase Courbe

13 Echocardiography During Cardiac Surgery

Maria Rosal Martins, Jae-Kwang Shim, Natalie Silverton, Gurinder Singh Gill, Raymond Cartier, and André Y. Denault

14 Native Aortic Valve

François A. Béique, Marie-Annick Clavel, Christine Henri, and Pierre Couture

15 Aortic Valve Surgical and Non-Surgical Management

Marie-Ève Chamberland, Walid Ben Ali, Vincent Chauvette, Charles Massie, Van Hoai Viet Lê, Ismail El-Hamamsy, and Philippe Pibarot

16 Mitral Valve

Alexandre Dion, Meggie Raymond, Arsène J. Basmadjian, Stéphane Coutu, Alexandre Noel, Michel Pellerin, and Mathilde St-Pierre

17 Mitral Valve Surgical and Non-Surgical Management

Jörg Ender, Meggie Raymond, Louis-Philippe David, Piroze M. Davierwala, Ali Zgheib, Jean Buithieu, Nicolo Piazza, and Marco Julien

18 Tricuspid Valve

Manon Canevet, Nicolas Dürrleman, Géraldine Ong, Ali Zgheib, Jean Buithieu, Nicolo Piazza, Wendy Tsang, and Karima Addetia

19 Pulmonic Valve: Surgical and Non-Surgical Management

Marcus Salvatori, Ismail Bouhout, François-Pierre Mongeon, Réda Ibrahim, Walid Ben Ali, and Marco Julien

20 Transesophageal Echocardiography for Minimally Invasive Cardiac Surgery

Jean-Sébastien Lebon, Michel Pellerin, Hugues Jeanmart, and Denis Bouchard

21 Mechanical Circulatory Devices

Andrew Roscoe, Marcus Salvatori, Gordan Samoukovic, Ghislaine Douflé, Jean Deschamps, and Pierre-Emmanuel Noly

22 Heart Transplantation

Juan C. Bianco, Bilal Ansari, Christian O'Donnell, Pierre-Emmanuel Noly, and Francois Haddad

23 Aorta

Ivan Iglesias, Matthew Valdis, Raffael Zamper, Judith Therrien, and Philippe Demers

24 Echocardiography for Aortic Surgery

Alain Deschamps, Eliza Calin, Eric Therasse, Oren K. Steinmetz, Alina Nicoara, Sachin Mehta, Marina Ibrahim, and François Dagenais

25 Intracavitary Contents

Maria Di Lorenzo, Nadia Boulé-Laghzali, Martine Parent, Magali Pham, Daniel Wiseman, and Robert James Cusimano

26 Congenital Heart Disease

Marco Julien, François-Pierre Mongeon, Nancy Poirier, Jasmine Grewal, Jane Heggie, J. Andreas Hoschtitzky, and Annette Vegas

27 Transesophageal Echocardiography for Lung Transplantation

Alex Moore, Chantal Mercier Laporte, Barbara Saczek, Carla Andrea Luzzi, and Pasquale Ferraro

28 Liver Surgery and Transplantation

François Martin Carrier, Lachlan F. Miles, Jacynthe Labrecque, Jean-Simon Lalancette, Marta Ines Berrio-Valencia, Stéphanie Tan, and Franck Vandenbroucke-Menu

29 Transesophageal Echocardiography in Non-Cardiac Surgery

Ashraf Fayad, Lachlan F. Miles, Alexander Amir, Milène Azzam, and Vincent Gravel

30 Transesophageal Echocardiography in the Intensive Care Unit

Ghislaine Douflé, Hatem Soliman-Aboumarie, Matthias Jacquet-Lagrèze, Alexandros Cavayas, Antoine Vieillard-Baron, Pablo Perez D'Empaire, Philippe Rola, Marc-Antoine Lepage, and Etienne Couture

31 Transesophageal Echocardiography in Cardiac Arrest

Geneviève Riendeau Beaulac, Felipe Teran, Lawrence Leroux, Simon-Pierre Demers, and André Y. Denault

32 Extra-Cardiac Transesophageal Ultrasonography

André Y. Denault, John Klick, William Beaubien-Souligny, Sarto C. Paquin, Moishe Liberman, and Stéphanie Tan

33 Structural Heart Disease and Electrophysiology

Antoine G. Rochon, Martin Aguilar, Reda Ibrahim, Etienne L. Couture, Blandine Mondésert, Alexandre Raymond-Paquin, and François-Pierre Mongeon

34 Indications, Training Guidelines, and Simulation for Transesophageal Echocardiography

Han Kim, David Canty, Taha Abdul Rehman, Susana Arango, Raul Guillen, Azad Mashari, Magdalena Krawiec, Benjamin Gorbaty, Feroze Mahmood, and Nicolas Thibodeau-Jarry

35 Radiological Cardiac Imaging Modalities

Michele Khayat, Kim N. Vu, Anne S. Chin, Waleed Alhumaid, Andreas Kumar, Donato Terrone, and Carl Chartrand-Lefebvre
