List of Contributors
Foreword by John C Watkinson and Raymond W Clarke
Preface
A Tribute to Bill Scott-Brown
Acknowledgements
Volume Two – Table of Contents
Abbreviations

Section One: Otology
Sunil Sharma
1. Physiology of hearing
Soumit Dasgupta and Michael R D Maslin
2. Physiology and Assessment of Balance
Neil A Bailie and Colin G Leonard
3. Hearing Tests
Alan Sanderson and Judith Bird
4. Prevention of hearing loss
Shankar Rangan, Ahmed Elmasry and Veronica Kennedy
5. Age-Related Sensorineural Hearing Impairment
Pia Doh and Linnea Cheung
6. Noise Induced Hearing Loss and Related Conditions
Jameel Muzaffar and Laura French
7. Single-sided deafness
Roulla Katiri and Jeroen P. M. Peters
8. Auditory Neuropathy / Auditory Dys-synchrony in adults and children
Raj Nandi
9. Tinnitus and Hyperacusis
Mark Williams, Nitesh Patel and Julianne Mullen
10. Menière's Disease
Soumit Dasgupta, Marco Mandala and Enis Alpin Guneri
11. Benign Paroxysmal Positional Vertigo
Yougan Saman and Doris-Eva Bamiou
12. Superior Semicircular Canal Dehiscence
Harry R.F. Powell and Shakeel R. Saeed
13. Vestibular Neuritis
Augusto Pietro Casani, Andrea Castellucci and Soumit Dasgupta
14. Vestibular Migraine
Dario A. Yacovino and Sudhira A.B. Ratnayake
15. Vestibular Rehabilitation
Marousa Pavlou, Benjamin Silver and Natallia Kharytaniuk
16. Auditory Processing Disorder across the age span
Doris-Eva Bamiou and Cristina F. B. Murphy
17. Neuropsychiatric Aspects of Vestibular Disorders
Julius Bourke and Gerald Libby
18. Anatomy and Embryology of the External and Middle Ear

Matthew R. B. Farr, Matthew J. Mason and Simon D. Carr
19. Anatomy of the Cochlea and Vestibular System: Relating Ultrastructure to Function
Nathan Creber and Manohar Bancea
20. Clinical Examination of the Ears and Hearing
Casey Vaughan
21. Endoscopic ear surgery (EES)
Chris Coulson and Arunachalam Iyer
22. Otalgia
Munira Ally and Ananth Vijendren
23. Perichondritis of the External Ear
Natasha Grimmond and Lyndsay Fraser
24. Acquired Atresia and Exostosis of the External Ear
Matthew Rollin and Charlie Huins
25. Otitis externa and necrotising otitis externa
Emma Stapleton
26. Keratosis Obturans and External Auditory Canal Cholesteatoma
Anna O'Kane and Andrew C Hall
27. Myringitis
Yadsan Devabalan and Samuel Mackeith
28. Mucosal (suppurative) chronic otitis media
Mahmood F. Bhutta, Racheal Hapunda-Chibanga and James R Tysome
29. Squamous Chronic Otitis Media
Nicholas C Dawe and Colin G Leonard
30. Ossicular chain pathology and reconstruction
Benjamin Silver and Nishchay Mehta
31. Otosclerosis
Cillian T Forde and Jeremy Lavy
32. Eustachian Tube Dysfunction
Matthew E Smith and James R Tysome
33. Systemic inflammatory conditions of the middle ear
Praneta Kulloo and Rajeev Mathew
34. Ototoxicity
Jack L Martin and Benjamin Silver
35. Idiopathic Sudden Sensorineural Hearing Loss
Nishchay Mehta and Nikhil Joshi
36. Ear Trauma and Osteoradionecrosis of the Temporal Bone
Aileen Lambert
37. Bone-Conduction Hearing Devices
Elinor Warner and Joseph G. Manjaly
38. Cochlear Implants
Stephen Broomfield and Irumee Pai
39. Middle Ear Implants
Rithvik Reddy, Nikul Amin and Robert Nash

40. Auditory Brainstem Implantation
Shakeel R. Saeed and Katherine Wilson

Section Two: Lateral Skull Base Surgery
Nazia Munir
41. The Anatomy of the Lateral Skull Base and Infratemporal Fossa
Nejc Steiner and Simon R Freeman
42. Clinical Assessment and Evaluation of a Lateral Skull Base Patient
Manuela Cresswell and Richard M. Irving
43. Radiological Evaluation of the Lateral Skull Base
Siu Li Boo, Satheesh Ramalingam and Swarupsinh Chavda
44. Surgical approaches to the Lateral Skull Base and Infratemporal Fossa
Parag M Patel and Jie Lily Huang
45. Vestibular Schwannoma Presentation and Natural History
Sherif S. Khalil and Shakeel R. Saeed
46. Vestibular Schwannoma Management: Watch Wait and Rescan, Radiotherapy and Surgery
Simon KW Lloyd and Fiona McClenaghan
47. NF2-Related Schwannomatosis
D. Gareth R. Evans
48. Non- Vestibular Schwannoma Tumours of the Cerebello-pontine Angle
Adrian Zammit and Jawad Yousaf
49. Middle Fossa Surgery
Julien Dallaire and Richard M Irving
50. Jugular Foramen Lesions and Their Management
Rupert Obholzer
51. Petrous Apex lesions
Priya H Achar
52. Temporal Bone Neoplasms – Benign and Malignant
Nathan Creber, Neil Donnelly and James Tysome
53. Necrotising Otitis Externa and Skull Base Osteomyelitis
Ahmed Maher Youssef
54. Non-Neoplastic Facial Nerve Disorders and Temporal Bone Trauma
Noweed Ahmad and Salman Hashmi
55. Lateral temporal bone CSF leak
Hesham Almofada and Peter Monksfield
56. Reconstruction of Lateral Skull Base Defects
Timothy PJ Liu and Andrew G Schache
57. Complications of lateral skullbase surgery
Shakeel R. Saeed and Sherif S. Khalil

Section Three: Rhinology
Rajiv K. Bhalla
58. Anatomy of the Nose and Paranasal Sinuses
Thomas F.C. Saunders and Rajiv K. Bhalla
59. Physiology of the Nose and Paranasal Sinuses

Tira Galm and Raj K. Bhalla
60. Radiological Investigations Used in Rhinology
Benjamin Stew
61. Outpatient Assessment- Nose and Sinuses
Yujay Ramakrishnan and Saleh Okhovat
62. Nasal Airway Objective Measurements
Samit N Unadkat and Peter J Andrews
63. Relationship Between the Upper and Lower Respiratory Tract: Single Airway
Richard Green, Chris RuiWen Kuo and Brian Lipworth
64. Olfaction and Abnormalities of Smell
Raymond Kim and Richard Douglas
65. Rhinitis
Quentin Gardiner
66. Acute Rhinosinusitis
Tharsika Myuran and Carl Philpott
67. Rhinosinusitis: Definitions, Classification and Diagnosis
Amy Hammond-Kenny, Carl Philpott and Neil Tan
68. Fungal Rhinosinusitis
Louise Melia
69. Management of Chronic Rhinosinusitis
Claire Hopkins and Nora Haloob
70. The Frontal Sinus
Salil Nair
71. Complications of Rhinosinusitis
Archana Jaiswal
72. Mucocoeles of the Paranasal Sinuses
Darlene E Lubbe
73. Diagnosis and Management of Facial Pain
Eugene G. Omakobia and Raj K. Bhalla
74. Management of Enlarged Turbinates
Andrew C. Swift and Stephen P. Williams
75. Nasal Septum and Nasal Valve
Shahram Anari
76. Nasal Septal Perforation
Bhaskaran Ranganathan
77. Treatment of Nasal and Facial Fractures
Rebecca Dawson and Iain Varley
78. Epistaxis
Isma Z Iqbal
79. Granulomatous Conditions of the Nose
Joanne Rimmer and Valerie J Lund
80. Benign Sinonasal Tumours
Alexander S. Zhang and Alkis J. Psaltis
81. Lacrimal Dysfunction

San Sunkaraneni
82. History of Modern Rhinology
Grace Khong

Section Four: Anterior Skull Base Surgery
Ashok Rokade
83. Anterior Cranial Fossa Anatomy
Rowan Valentine and Peter John Wormald
84. Imaging of the Anterior Skull Base
Siu Li Boo, Satheesh Ramalingam and Swarupsinh Chavda
85. Endoscopic Anterior Skull Base Approaches
Carl H. Snyderman and Paul A. Gardner
86. External Approaches to the Anterior Cranial Fossa
Madan Ethunandan and Nijaguna Mathad
87. Evaluation of the anterior skull base patient
Yujay Ramakrishnan
88. Complications of Anterior Skull Base Surgery
Claudio A. Callejas, Joseph S. Lee, Daniel M. Prevedello and Ricardo L. Carrau
89. CSF Rhinorrhoea
Rohit Gohil, Ashok Rokade and Nijaguna Mathad
90. Endoscopic Management of Malignant Skull Base Neoplasms
Nicholas G. Candy and Alkis J. Psaltis
91. Juvenile Nasopharyngeal Angiofibroma
Narayanan Janakiram, Shilpee Bhatia Sharma and Sunil Dutt
92. Pterygopalatine Fossa (PPF) and Infratemporal Fossa (ITF)
Tang Ing Ping and Prepageran Narayanan
93. Pituitary and Parasellar lesions
Asiya Kamber Zaidi, Shahzada K Ahmed
94. Endoscopic Approach and Management of the Clivus & Posterior Fossa
Lirit Levi, Yuanzhi Xu and Zara M. Patel
95. Craniovertebral Junction
Nicholas Thomas, E Maratos and S Barazi
96. Orbit-Endoscopic Endonasal Surgery
Noel F. Ayoub and Benjamin S. Bleier
97. Transorbital Approaches
Darlene E Lubbe
98. Nasopharyngeal Endoscopic Resection
Tommaso Saccardo, Remo Accorona, Piero Nicolai, Marco Ferrari
99. Endoscopic Management of Petrous Apex Pathology
David Lerner and James Palmer
100. Anterior skull base reconstruction
Paolo Castelnuovo and Mario Turri-Zanoni
101. Anterior Cranial Base Surgery: Past Present & Future
Domenico Solari, Usman Khan, Amin B Kassam, Melanie Fukui, Julian Bailes, Luigi M Cavallo and Paolo Coppabianca

Section Five: Facial Plastic Surgery
Peter Andrews and Hesham Saleh
102. Assessment for functional and aesthetic Septorhinoplasty
Hesham Saleh and Catherine Rennie
103. Endonasal Surgery in the 21st Century
Pietro Palma, Iman Khodaei
104. Revision Rhinoplasty
Mark Ferguson and Hesham Saleh
105. Aesthetic Dorsal Reduction Rhinoplasty
Julian M. Rowe-Jones
106. External Rhinoplasty
Santdeep Paun and Raj K. Bhalla
107. Nasal Reconstruction
Bhaskaran Ranganathan and Ullas Raghavan
108. An approach to Pinnaplasty
Simon Watts
109. Auricular Reconstruction
Anil Joshi
110. Blepharoplasty
Naresh Joshi and Manvi Sobti
111. Surgical Rejuvenation of the Face
Kristian Hutson and Alwyn D'Souza
112. Non-Surgical Rejuvenation of the Ageing Face
Rishi Mandavia and Sajjad Rajpar
113. The Surgical Management of Facial Paralysis
Eamon Shamil, Kofi Boahene and Charles Nduka
114. Grafts and Local Flaps in Head and Neck Cancer
Sadie Khwaja and John Watkinson
115. Rhinoplasty in the ageing patient
Annakan V Navaratnam and Hesham A Saleh
116. Preservation Rhinoplasty
Charles East and Jose Carlos Neves
117. Nasal Reconstruction in Vasculitis
Jonathan Joseph and Prem Randhawa
118. Rhinoplasty in the Ethnic Patient
Roxana Cobo
119. Paediatric septal surgery
Annakan V Navaratnam and Samit Unadkat
120. Nasal Tip Rhinoplasty
Natarajan Balaji and Rui Xavier
121. Nasal valve surgery
Rui Xavier

Section Six - Paediatrics

122 – An introduction to Paediatric Otolaryngology
Richard Hewitt and Colin Butler
123 - The Child with a Syndrome
Thushitha Kunanandam
124 - Management of the Immunodeficient Child
Fiona Shackley
125 - Hearing Screening and Hearing Tests in Children
Sudhira A.B. Ratnayake
126 - Non-Surgical Management of the Hearing-Impaired Child
Soumit Dasgupta, John Wong, Angela Pritchard and Christopher Raine
127 - Congenital Middle Ear Abnormalities and Microtia
Robert Nash & Nikul Amin
128 - Paediatric Implantation Otology
Robert Nash & Nikul Amin
129 - Otitis Media with Effusion
Anne Markey and Sunil Sharma
130 - Acute Otitis Media
Hasantha Gunasekera and Mahmood Bhutta
131 - Balance Disorders in Children
Sharon L. Cushing
132 - Paediatric Voice and Disorders of Communication
Hasnaa Ismail-Koch and Andrea Burgess
133 - Cleft Lip and Palate
Louisa Ferguson and David M. Wynne
134 - Craniofacial Surgery
Anusha Hennedige, Benjamin Robertson, Astrid Webber, Ajay Sinha and Sujata De
135 - Epistaxis and Anterior Skull Base
Grace C Khong and Arshad Zubair
136 - Neonatal Nasal Obstruction and Paediatric Disorders of the Lacrimal Drainage System
Liam M Sutton, Sri K Gore and Michelle E Wyatt
137 - Paediatric Rhinosinusitis & Its Complications
Simon Gane
138 - Foreign Bodies in the Ear, Nose and Throat
Adam Donne and Katharine Davies
139 - Diseases of Tonsils, Tonsillectomy and Tonsillotomy
Jason Powell
140 - Paediatric Obstructive Sleep Apnoea
Iain Bruce, Stuart Wilkinson and Callum Shields
141 - Acute Airway Management
Kate Stephenson, Victoria Currie
142 - Acute Head and Neck Infections in the Child
Jessica Bewick
143 - Congenital Disorders of the Larynx, Trachea and Bronchi
Jordan Fuzi and Marlene Soma

144 - Airway Stenosis
James Johnston and Benjamin EJ Hartley
145 - Paediatric Tracheostomy
Michael Saunders
146 - Perinatal Airway Management
Ravina Tanna and Pranav Pandya
147 - Drooling and Salivary Pathology
Sanjeev Gupta, Ravi Thevasagayam and Matthew Farr
148 - Paediatric Head and Neck Tumours
Marinka L.F. Hol and Olga Slater
149 - Cysts and Sinuses of the Head and Neck
Keith G. Trimble and Gavin Donaldson
150 - Haemangiomas and Vascular Malformations
Alex M Barnacle and Richard J Hewitt
151 - Gastro-Oesophageal Disorders in Children
Eishaan Kamta Bhargava, Ravi Thevasagayam and Dominique Schluckebier
152 - Dysphagia and Aspiration
Claire Frauenfelder

Section Seven - Laryngology
Chadwan Al Yaghchi
153 - Anatomy of the Larynx and Tracheobronchial Tree
Nimesh N. Patel and Shane Lester
154 - Physiology of the Larynx and Voice Production
Paul Carding and Lesley Mathieson
155 - Clinical Assessment of the Voice and Examination Of The Larynx
Nicholas Gibbins and Rehab Awad
156 - Structural Disorders of the Vocal Cords
Yakubu Karagama and Julian A. McGlashan
157 - Scars And Sulci
Nicholas Gibbins
158 - Functional Disorders of the Voice
Paul Carding and Phillipa Ratcliffe
159 – Movement Disorders of the Larynx
Declan Costello and John S. Rubin
160 - Recurrent Respiratory Papillomatosis
Adam Donne and Andrew Kinshuck
161 - Paralysis of the Larynx
Lucian Sulica and Christine Clark
162 - Phonomicrosurgery
Clark Rosen and David Bracken
163 - The professional voice user
Natalie A. Watson and Declan Costello
164 - Office-based Laryngeal Procedures

Matthew Stephen Broadhurst
165 - Speech and Language Therapy for Voice Disorders
Anna White and Rehab Awad
166 - Acute Infections Of The Larynx
Karan Kapoor and Sean Fang
167 - Chronic Laryngitis
Nick JI Hamilton and Anne Pijper
168 - Pharyngitis
Sadie Khwaja and Wafa Maqbul
169 - Anatomy of the Pharynx And Oesophagus
Vinidh Paleri and Joanna Matthan
170 - Physiology Of Swallowing
Jo Patterson and Craig Molloy Humphreys
171 - Swallowing Assessment
Gemma Clunie and Justin Roe
172 - Neurological Dysphagia
Eleftheria Iliadou and Jonathan Fishman
173 - Cricopharyngeal Muscle Dysfunction
Kate Heathcote and Rebecca J Howell
174 - Benign Oesophageal Diseases
Grace M. Wandell, Evan Compton, Peter C. Belafsky and Gregory N. Postma
175 - Chronic Aspiration
Justin Roe, Peter George and Guri Sandhu
176 - Swallowing Rehabilitation
Roganie Govender and Camilla Dawson
177 - Globus
James O'Hara and Rishi Srivastava
178 - Laryngeotracheal Trauma
Kishore Sandu and Laurence Pincet
179 - Tracheostomy
Andrew Kinshuck and Richard A Steven
180 - Adult Laryngotracheal Stenosis
Emilie A.C. Dronkers, Aphrodite Iacovidou and Chadwan Al Yaghchi
181 - Inducible laryngeal obstruction
Claire Slinger & Aashish Vyas
182 - Chronic Cough
Jemma Haines and James O'Hara

Section Eight - Head & Neck
Jonathan Bernstein and Navin Mani
183 - Aetiology and Epidemiology
James Paul O'Neill, Eoin Cleere and Snehal Patel
184 - Tumour Biology
Pablo Nenclares, Ben O'Leary and Antonio Rullan

185 - Staging
Conall Fitzgerald
186 - Multidisciplinary Teamwork
David Hamilton and Amar Rajgor
187 - Nutrition
Susannah Penney, Amy Barker and Bethany Meadows
188 - Speech, Voice and Swallow Rehabilitation
Grainne Brady, Kate Hutcheson and Justin Roe
189 - Clinical Outcome and Survivorship
Simon Rogers and Helen Cocks
190 - Palliative Care
Catriona Mayland
191 - Oral Cavity Tumours Including Lip Reconstruction
Alastair Fry and Rafal Niziol
192 - Oropharyngeal Tumours
Jason Fleming and Rachel Brooker
193 - Malignant Tumours of the Larynx
Adal H. Mirza and Emma V. King
194 - Rehabilitation After Total Laryngectomy
Margaret Coffey and Jonathan Bernstein
195 - Open Conservation Surgery for Laryngeal Cancer
Fergal Kavanagh, Volkert Wreesmann and Ian Ganly
196 - Management of Hypopharyngeal Cancer
Prathamesh Pai, Deepa Nair, Sarbani Ghosh Laskar and Kumar Prabhash
197 – Head and Neck Unknown Primary
Aleix Rovira, Jean-Pierre Jeannon and Ricard Simo
198 - Surgical Anatomy for Transoral Surgery
Asit Arora, Jack Faulkner and Ajith George
199 - Transoral Surgery
Zaid Awad
200 - Metastatic Neck Disease
Justin Hintze and Paul Lennon
201 - Anatomy and Physiology of the Salivary Glands
Stuart Winter and Hiro Ishii
202 - Benign Salivary Gland Tumours
Andrew Lau and Jarrod Homer
203 - Malignant Tumours of the Salivary Glands
Vincent Vander Poorten, Sanjai Sood and Francesca Gennarini
204 - Non-Neoplastic Head and Neck Conditions
Alasdair Mace
205 - Benign Skin Lesions of the Head and Neck
Nicholas Lawrance and Nina Farqharson
206 - Non-Melanoma Skin Cancer
Kristijonas Milinis and Andrew Lau

207 - Cutaneous Melanoma
Jonathan Dunne
208 - Sinonasal, orbital and anterior skull base malignancies
Cameron Davies-Husband, Navin Mani
209 - Nasopharyngeal Carcinoma
Raymond King-Yin Tsang and Francis Cho Hao Ho
210 - Paragangliomas of the Neck: Diagnosis, Management and Clinical Genetics
Jonathan Bernstein, Navin Mani and Fiona Lalloo
211 - Parapharyngeal Space Tumours
Arun Takhar and Konstantinos Paraschou
212 - Grafts, Local Flaps and Regional Flaps in the Head and Neck
Rajan S Patel
213 - Free Tissue Transfer in Head and Neck Surgery
Simon Wood and Richard Goodall
214 - Radiotherapy
Benjamin Hunter and Dorothy Gujral
215 - Principles of Chemotherapy
Stuart Walter and David Noble
216 - Biologically Targeted Agents
Dorothy Gujral and Lei Wang
217 - Anatomy of the Mouth and Teeth
Ceri Davies and Maniccam Thavarajah
218 - Anatomy of the Neck
Ceri Davies and Laura Warner
219 - Pathology
Gillian Hall
220 - Benign Neck Disease
Karl Bonavia and Enyinnaya Ofo
221 - Neck Trauma
Matthew C. White, Andrew J. Nicol and Johannes J. Fagan
222 - Neck Space Infections
Jim Moor
223 - Maxillofacial Prosthodontics and the Rehabilitation of Oncologic Orofacial Defects
Carly L Taylor
224 - Facial Prosthetic Rehabilitation
Taran Malhotra
225 - Obstructive Sleep Apnoea and Snoring
Bhik Kotecha and Andrea De Vito
226 - Benign Oral and Dental Disease
Konrad S. Staines and Alexander Crighton

Section Nine - Head & Neck Endocrine
Sid Nagala and Ashley Hay
227 - Embryology, Anatomy and Physiology of the Thyroid and Parathyroid Glands

Atanu Maity, Liam Masterson and Brian Fish
228 - Thyroid and Parathyroid Gland Pathology
Ram Moorthy, Sonia Kumar and Adrian T. Warfield
229 - The Genetics of Malignant Thyroid Disease and Thyroid Nodules
Mark Edmond and Joel Smith
230 - Assessment, Investigation and Imaging of Thyroid – Assessment of Structure and Function
David Walker and Sanjin Idriz
231 - Medical Management of Thyroid Dysregulation (Hyperthyroidism and Hypothyroidism)
Christine J.H. May and Kristien Boelaert
232 - Surgical Approaches to the Thyroid
Jenny Walton and Ram Moorthy
233 - Surgical Management of the Compressive Thyroid Goitre (Intrathoracic and Ectopic Thyroid Glands)
Aleix Rovira, Andrea Bille and Ricard Simo
234 - Surgical Management of Hyperthyroidism
Sheila Fraser
235 - Radioactive Iodine for Thyroid Disease
Marcus Lyall and Mohammad Sadiq Jeeyavudeen
236 - Management of Differentiated Thyroid Cancer (Risk Stratification, Staging, Indications for Treatment, Oncological Management and Follow Up)
Nicholas Reed and David Colville
237 - Rare Thyroid Abnormalities and Cancers
Juliet A Laycock and Robert W A Hone
238 - Management of Medullary Thyroid Cancer
Ashley Hay and Barney Harrison
239 - Management of Poorly Differentiated, High-Grade and Anaplastic Thyroid Cancer
Curtis Hanba and Mark Zafereo
240 - Management of Locoregionally Advanced and Recurrent Thyroid Cancer
Iain Nixon and Constantina Paulo Yiannakis
241 - Management of Advanced Thyroid Cancer, Metastatic Thyroid Cancers and Radioiodine Refractory Cancers (Oncological and Redifferentiation Treatment)
Kristien Boelaert and Hannah Nieto
242 - Management of Paediatric Thyroid Cancers (Differentiated and Medullary)
Alison Waghorn
243 - Nerve Monitoring in Thyroid and Parathyroid Surgery
Panos A. Dimitriadis and George Mochloulis
244 - Ablative Technologies in the Thyroid and Parathyroids
Ayden Tchernegovski and Catherine F Sinclair
245 - Parathyroid Preservation in Thyroid Surgery
Saba P Balasubramanian
246 - Physiology, Assessment and Investigation of Parathyroid Dysregulation
Shad Khan, Auditi Naziat and William MacFaul
247 - Imaging for Parathyroid Surgery.
Dilip Patel

248 - Parathyroid Dysfunction: Medical and Surgical Therapy
Lucy Li and Omar Hilmi
249 - Redo Parathyroid Surgery- Management of Surgical Failure
Neil Patel and David M. Scott-Coombes
250 - Management of Atypical Adenomas and Parathyroid Cancer
Gabrielle Hicks and Mark Sywak
251 - Complications of Thyroid and Parathyroid Surgery
Enyi Ofo
252 - Medicolegal Aspects of Thyroid and Parathyroid Surgery
Radu Mihai
