SECTION 1: The Basic Science of TBI

1:Nature of TBI and Classification, *Raul R. Cantu Hernandez, Jorge Akira Valdivia Moriyama, Jovany Cruz Navarro, and Claudia Robertson*
2:Epidemiology of TBI, *Marek Majdan, Juanita Haagsma, and Alice Theadom*
3:Pathophysiology of moderate/severe Traumatic Brain Injury, *Steve Gentleman and Marcelina Wojewska*
4:Neurodegeneration and Traumatic Brain Injury, *Gloria Vegliante, Roberto Chiesa, and Elisa R. Zanier*
5:Imaging in TBI, *Lucia Li, Niall Bourke, Amy Jolly, Emma Mallas, and Nikos Gorgoraptis*
6:Neuroinflammation in Traumatic Brain Injury, *Alan I. Faden, Rebecca J. Henry, and Bogdan A. Stoica*
7:Neurophysiology and Traumatic Brain Injury, *Emilie Szymkowicz, Paolo Cardone, Olivia Gosseries, Steven Laureys, and Aurore Thibaut*
8:Genetics and Traumatic Brain Injury in Humans, *Daniel Cortes and Martin Pera*
9:Biomarkers in Traumatic Brain Injury, *Ramon Diaz-Arrastia and Rachel Thomas*
10:Prognostication and Outcomes after TBI, *Ryan B. Fransman, W. Denney Zimmerman, and Deborah M. Stein*

SECTION 2: Management of TBI

11:Out of Hospital TBI Management, *Mark Wilson*
12:Hyper-acute Traumatic Brain Injury Management and Neuro-intensive Care, *Tommaso Zoerle, Fabrizio Ortolano, and Marco Carbonara*
13:Neurosurgical Issues in Traumatic Brain Injury, *Peter Hutchinson, Vikesh Patel, Ivan Timofeev, and Adel Helmy*
14:Post Traumatic Amnesia: History, Pathophysiology and Management, *Erin Bigler and Steven Allder*
15:Traumatic Brain Injury: Neurologic Exam, *Kenneth Dalton, Sara Lippa, J. Kent Werner Jr., and Kimbra Kenney*
16:Acute Rehabilitation of the Person with Traumatic Brain Injury, *Andrew Hanrahan*
17:Neuropsychological Evaluation and Management of Traumatic Brain Injury, *Kenneth Podell, Tobi Quadri, and Elkhonon Goldberg*
18:Neuropsychiatric Evaluation and Management, *Rowena Carter and Nick Medford*
19:Community Based Rehabilitation after Disabling Head Injury, *Judith Allanson, Kate Psaila, and Andy Tyerman*
20:Traumatic Brain Injury (TBI) Care Pathways, *Akshay Nair and Colette Griffin*
21:Life in the Community: The Crucial Role of the Third Sector, *Amanda Swain*

SECTION 3: Common Symptoms after a Brain Injury

22:Post-traumatic Headache, *Nazia Karsan and Peter J. Goadsby*
23:Disorders of the Vestibular System in Traumatic Brain Injury, *Heiko M. Rust and Barry M. Seemungal*
24:Auditory Dysfunction following Traumatic Brain Injury, *Frederick J. Gallun, Laura Coco, Tess K. Koerner, Melissa A. Papesh, and Sarah M. Theodoroff*
25:Seizures and Epilepsy, *Marco Mula*
26:Post-traumatic Movement Disorders and Motor Impairments, *Joachim K. Krauss, Filipe Wolff Fernandes, and Manolis Polemikos*
27:Visual Impairments following Traumatic Brain Injury, *Casey S. Gilmore, Kelvin O. Lim, and Randy H. Kardon*
28:Prolonged Disorders of Consciousness (PDOC) and TBI, *Andrew Hanrahan*
29:Cognitive Impairment Post Traumatic Brain Injury, *Andrew Bateman and Ana Paula de Pereira*

30:The Effect of Traumatic Brain Injury on Social Cognition and Self-awareness, *Skye McDonald, Tamara Ownsworth, and Travis Wearne*
31:Sleep Disorders after Traumatic Brain Injury, *Shanti M. Pinto, Brittany N. Wright, and Kathleen Bell*
32:Mild Traumatic Brain Injury, *Camilla N. Clark and Peter O. Jenkins*
33:Mood and Anxiety Disorders after Traumatic Brain Injury, *Jonathan Ben Grey and Alan Carson*
34:Personality and Behavioural Change, *Robin Jacobson*
35:Psychotic Disorders following TBI, *Andrea De Angelis, Laura Mangiaterra, and Niruj Agrawal*
36:Apathy and Disorders of Diminished Motivation, *Andrew Worthington and Alan Gray*
37:The Interaction Between TBI and Functional Neurological and Somatic Symptoms, *Mark J. Edwards and Michael D. Dilley*
38:Alcohol and Substance Misuse in TBI, *Zachary Weil*
39:Autonomic Dysfunction after Traumatic Brain Injury, *Alicia Dupre, Jamie E. Podell, and H. E. Hinson*
40:Uro-neurological Consequences of Traumatic Brain Injury, *Udit Saraf and Jalesh N. Panicker*
41:Common Symptoms after a Brain Injury: Endocrine Disturbance, *Ulla Feldt-Rasmussen and Marianne Klose*

SECTION 4: Specific Issues related to Brain Injury

42:Sport Related Head Injuries, *Raymond Pan, Aaron Jeckell, and David Baron*
43:Blast Brain Injuries, *Jack W. Tsao, Violeta Pellicer Morata, Apolline Savarit, Isabel F. Stobin, and Rachel Lief*
44:Childhood Traumatic Brain Injury: A Developmental Overview of Cognitive, Emotional, Neurobehavioural, and Academic Outcomes, *Edith Botchway-Commey, Vicki Anderson, and Louise Crowe*
45:Traumatic Brain Injury in Elderly Patients, *Michael J. C. Bray and Matthew E. Peters*
46:Medico Legal Perspectives in TBI, *Marcus Grant*
47:Traumatic Brain Injury and Criminality, *Tom M. McMillan*
48:Public Health Issues relating to Traumatic Brain Injury, *Martin Rusnak and Dominika Plancikova*

SECTION 5: Other Types of Acquired Brain Injuries

49:Hypoxic-ischemic Brain Injury, *Brian J. Coffey and David M. Greer*
50:Toxic and Metabolic Brain Injury, *Francisco P. Gomez and Michael R. Dobbs*
51:Brains on Fire: Encephalitis and Associated Injury to the Brain, *Ava Easton, Sarosh R. Irani, and Bonnie-Kate Dewar*

SECTION 6: A Global Perspective on TBI

52:Head Injury in Africa, *M. A. Magoha, S. Shitsama, S. Karanja, and J. Macleod*
53:Traumatic Brain Injury in China, *Junfeng Feng and Jiyao Jiang*
54:TBI in India, *Rakesh Mishra and Amit Agrawal*
55:Traumatic Brain Injury in South America, *Andrés M. Rubiano and Jorge L. Paranhos*
